To Whom it May Concern,

Bosshardt Property Management, Inc. has been the management company for Prairiewood Condominiums since 2005. I would recommend their services to any development needing to find property management services. I find the staff in place now at the Bosshardt office to be hard workers who are easy to talk to. Their staff is extremely knowledgeable of condo bylaws and does a great job of working with many vendors and the condo association board to get things done in a timely fashion. They also prepare our yearly budget and have done a wonderful job of keeping costs at a level we are comfortable with, while collecting enough to take care of all things needed in our complex.

Please accept this letter as my recommendation for Bosshardt Property Management, Inc.

Sincerely,

Adrienne Pozzetta
Prairiewood Condominium Treasurer
